Hi Jack and Mony,

I wanted to write a quick email of thanks for the great experience we had with Davis Realty, and the purchase of our beautiful new home. Right from our first contact, up the continuing help and service you have given my family and I has been outstanding. Many thoughtful acts and services, along with recommends for services that have, similar to yourselves, given us well priced, well executed services. Once again thank you from our family, and I highly recommend Davis Realty to people looking for an efficient, caring, and personal experience.

Sincerely A.S.

Client Letter

Jack did a wonderful job in helping me buy the right home. He considered all the aspects of a good location, even considering the proximity to my church. His experience and knowledge made him invaluable in negotiating a good price, then he helped me find good tenants for my mortgage helper suite. He has led me to make a good investment for my future.

Jack went far beyond the duties of a realtor in helping me negotiate a good price for my new car. I had suffered an injury at the time I was looking for a new home, and he gave me excellent information in regards to insurance companies. Altogether Jack removed a lot of stress from my life during a very stressful time.

I would recommend Jack & Mony to all my friends. I will be sure to depend on Jack anytime for any real estate matters.

Dear Jack,

Thank you for your letter of December 18. Marjorie and I are indeed enjoying our new home. We have met two of the neighbours and a cat, are able to venture more than a few blocks without getting a map and have telephone service and cable TV. We are still shuttling between Victoria and Quadra Island and will continue doing so for another month at least.

We both enjoyed our association with you. You were always available and efficient, but we never felt under pressure and liked the relaxed atmosphere of your office. The whole House-hunting experience was a pleasure and we're almost sorry it didn't go on a bit longer!

Sincerely,
D.R.

Dear Jack,

We would like to express our appreciation for your help in purchasing our condo in Victoria. The girls are settling in well and love their new home. We were very impressed with your supportive, professional yet friendly service and the way you listened to and addressed our needs. At no time did we feel pressured and your advice was always well founded and in our best interest. I have and will continue to recommend your services to friends and we will call on your help again when we have a need for a realtor.

Sincerely,

W.B.

Dear Jack & Karen,

This letter is to show my appreciation for your continued professional and caring help through my many moves.

Jack managed to help us buy a house with a stereo loan and a \$500 advance on a Mastercard as our down payment! That was back in the '70s and wouldn't probably be feasible today.

With his years of Real Estate experience, Jack is aware of the many pitfalls that can show up through the process of purchasing a home. Being a Realtor for the length of time he has, he has also found good reputable trades and made them available for any renovations we have required.

Now that he has Karen at his side the whole concept of "Staging" a home has helped with VERY fast sales on our homes. Her design sense is incomparable.

We are hoping that we are finally in our "retirement" home and will be doing major renovations over time so this may be the last home they will be helping us purchase.

Jacks has been at the helm for five different homes for me and I have felt comfortable and secure knowing that Jack has been there for me.

I have no problem recommending him to anybody wishing to buy or sell a home and will tell people not to try to do it by themselves.

Thank you both for a long association and friendship.

Sincerely,

G & R G

Email from a client that we helped obtain a Rental Property:

Yahhhh!!!!!!!!!!!!!! Thank you so much Jack!!!!!! Big hugs, R & A!!! Please also give our love to Carolyn! You guys performed a sheer miracle getting us the place! We hope you have the most amazing Christmas ever:) I hope all your kindness comes back to you many times over:)

Jack,

I'm glad you sent this letter to me because I've been meaning to get back to you for a while. You can imagine, I've had quite a busy month. However, I am pleased with the move and am greatly appreciative of your work.

I have already recommended your name to several friends, and I was very impressed to hear that D B has already found a home! Everyone is pleased to see how fast you do business.

We are very cozy in our new home with four of us living here and the addition of two new kittens. The place has a wonderful feeling of being lived in now and we are all looking forward to enjoying Thanksgiving here. Your services have been a blessing. Thank you!

Sincerely,
RS
